

In an effort to clear up any discrepancies about what iCons courses count for – and to make sure you are on track to fulfill all of your grad requirements, we ask you to take a couple of minutes and keep reading!

This requires you to:

1. log into Spire and go to the Student Services Center.
2. click on your ARR (Academic Requirements Report) (with no shopping cart)

Note: Each ARR looks different depending on your major – but generally speaking these are what you are looking for.

The screenshot shows a web browser window with a navigation bar at the top containing 'Favorites', 'Main Menu', 'Campus Profiles', and 'Student Services Center'. Below the navigation bar, there is a summary of units: 'Units: 4.00 required, 0.00 taken, 4.00 needed'. The main content area is divided into several sections:
